

Reflection on trip (What you learned)

Royal Tyrrell Museum: May 16, 2024

Name: _____

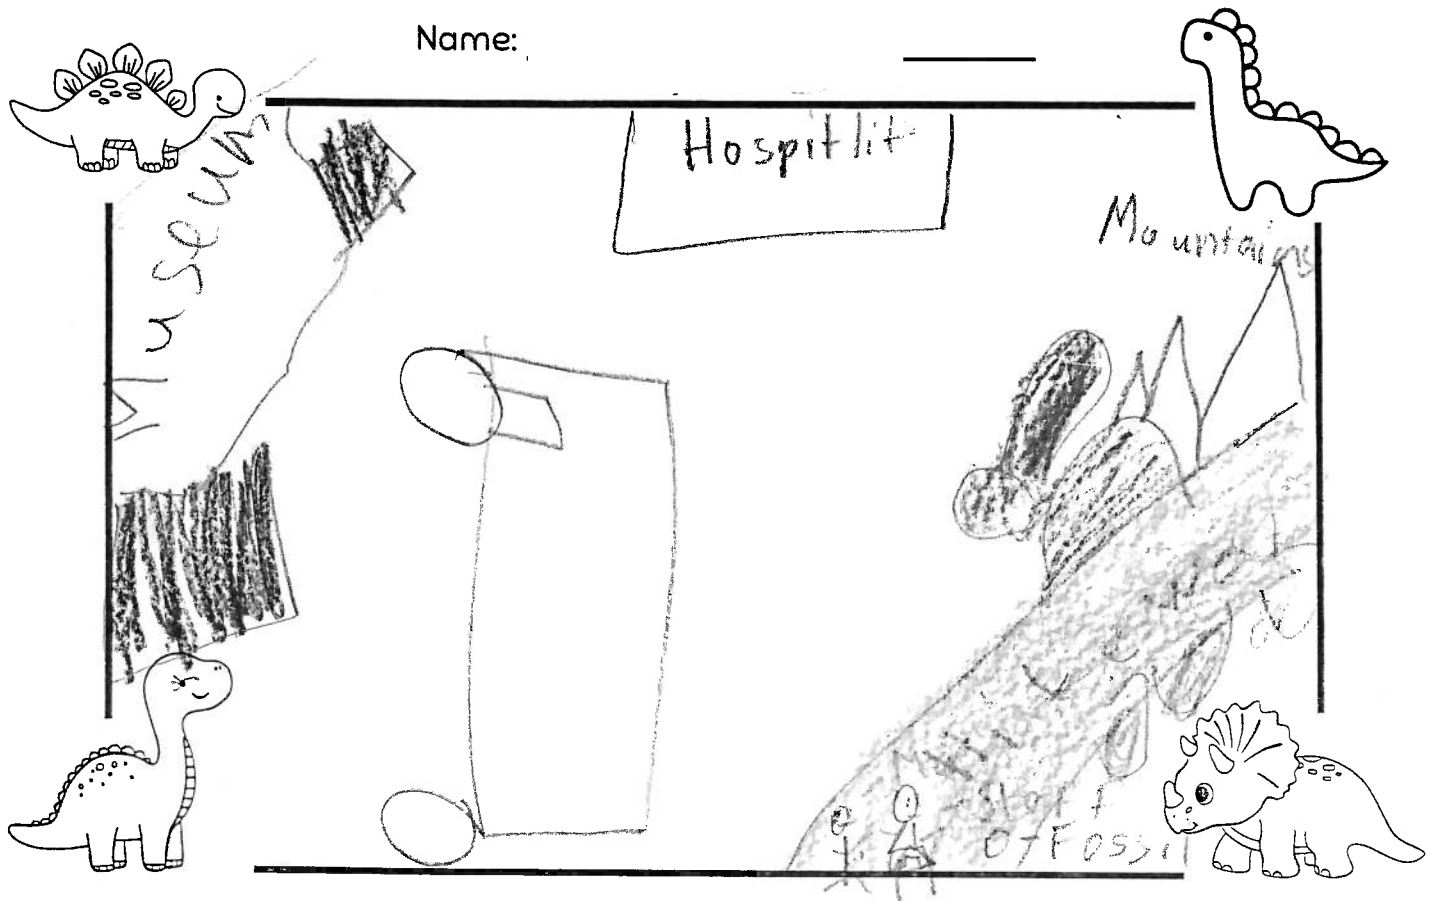

My drumheller feted trip was
awsum. I learened that drumhe-
ller is one of the best places
to fined fossils. Also that raptors
have holow bones. And how
drumheller looked in the past.

then we went to see some fossils at the badlands. The first fossil we saw was a fossilized tree. And some girls were sitting on it. Then we saw a triceratops is bone of its foot. then we went back inside to see dinosaur skeletons. we went back to the bus. And went back to Bowcroft. The ride was around two hours.

Reflection on trip (What you learned)

Name: _____

I liked the hike (with the staff).
She was very nice and fun. I didn't
know that it has a big museum!
I thought that raptors was big
but I learned it was small!
I thought that chicken was the

only Dinosaur but other bird was
Dinosaur too! And I thought that
the museum was small But I was
wrong the museum was big! I like
to sit in the Bus (Never sit)
